Corporate Profile

SBM Offshore N.V. provides floating production solutions to the offshore energy industry, over the full product life-cycle. The Company is market leading in leased floating production systems with multiple units currently in operation, and has unrivalled operational experience in this field.

The Company's main activity is the design, supply, installation and operation of Floating Production, Storage and Offloading (FPSO) vessels. These are either owned and operated by the Company and leased to our clients or supplied on a turnkey sale basis.

The Company has built over several years a large in-house engineering, procurement and project management capability, to ensure consistency from project to project, and so enable a continuous improvement process for enhancement of product quality.

Headquartered in Schiedam, the Company employs over 6,200 people worldwide, who are spread over seven execution centres, eight operational shore bases, several construction yards and the offshore fleet of vessels.

The Board of Management
Schiedam, 15 May 2012
