

SBM OFFSHORE DECLARED WINNING BIDDER FPSO P-57 FOR PETROBRAS

SBM Offshore N.V. is pleased to announce the following:

1. FPSO P-57 Update

Petrobras has confirmed in writing on 7 January 2008 that SBM Offshore is the winning bidder for the turnkey supply and three year operation of the FPSO P-57.

This follows the declaration in December 2007 that SBM Offshore was the lowest bidder in the competitive tender.

Contract discussions are ongoing and are expected to lead to a contractual commitment during the course of January 2008.

3. Corporate Profile

The Dutch public company SBM Offshore N.V. is the holding company of a group of international, marine technology orientated companies. Its business is to serve on a global basis the offshore oil and gas industry by supplying engineered products, vessels and systems, and offshore oil and gas production services.

The product line comprises:

- Offshore import/export terminals for crude oil, refined products, LPG and LNG, mostly based on the single point mooring principle, Floating Production and/or Storage and Offloading systems (FSOs and FPSOs) and other floating production facilities based on ship hulls, semi-submersibles and Tension Leg Platforms (TLPs);

- Offshore oil and gas production services through the leasing of integrated production and storage facilities owned and operated by the Company;
- Design, construction and supply of semi-submersible drilling platforms;
- Special designs and engineering services and delivery of specific hardware components for dynamically positioned drillships, semi-submersible drilling platforms, jack-up drilling platforms, jack-up platforms for civil construction, large capacity offshore cranes, elevating and lifting systems, crane vessels and other specialised work vessels;
- Offshore construction and installation contracting services.
