

SBM OFFSHORE N.V. JOINS DOW JONES SUSTAINABILITY WORLD INDEX

1. SBM Offshore N.V. selected for DJSI World

SBM Offshore is pleased to announce it has been selected as a member of the Dow Jones Sustainability World Index (DJSI World).

The Company has participated in the DJSI selection process for the first time in 2010, with successful inclusion in the DJSI Europe. SBM Offshore has achieved a new step this year, by becoming one of the five components of the DJSI World Oil equipment and services sector.

The quality of SBM Offshore's environmental and social reporting and its capacity to attract and retain talents are especially highlighted by DJSI's evaluation.

The annual review of the DJSI family is based on a thorough analysis of corporate economic, environmental and social performance, assessing issues such as corporate governance, risk management, branding, climate change mitigation, supply chain standards and labour practices.

3. Corporate Profile

The Dutch public company SBM Offshore N.V. is the holding company of a group of international, marine technology orientated companies. Its business is to serve on a global basis the offshore oil and gas industry by supplying engineered products, vessels and systems, and offshore oil and gas production services.

The product line comprises:

- Offshore import/export terminals for crude oil, refined products, LPG and LNG, mostly based on the single point mooring principle, Floating Production and/or Storage and Offloading systems (FSOs and FPSOs) and other floating production facilities based on ship hulls, semi-submersibles and Tension Leg Platforms (TLPs);
- Offshore oil and gas production services through the leasing of integrated production and storage facilities owned and operated by the Company;
- Design, construction and supply of semi-submersible drilling platforms;
- Special designs and engineering services and delivery of specific hardware components for dynamically positioned drillships, semi-submersible drilling platforms, jack-up drilling platforms, jack-up platforms for civil construction, large capacity offshore cranes, elevating and lifting systems, crane vessels and other specialised work vessels;
- Offshore construction and installation contracting services.
